

FEMALE SCIENCE TALENTS

TERMS AND CONDITIONS

1. Who can participate?

All doctoral and postdoctoral researchers of all disciplines who are matriculated at or employed by a university or other recognized institute of higher education or research in Germany and worldwide are eligible for participation.

2. Registration, participation and waiting list

Doctoral and postdoctoral researchers register for the Networking Event using our online registration form. The deadline for registration, unless otherwise specified, is the 18th of July. Registration is binding for the Networking Event. The Networking Event is designed for 60 participants. We will send participants a confirmation by e-mail no later than the 19th of July. If you do not receive a confirmation of participation, you will be placed on the waiting list and informed if a place becomes available. The spots for our webinars are assigned on a first come, first served basis.

3. Cost of the Networking Event

Participation in the Female Science Talents Networking Event is free for doctoral and postdoctoral researchers.

4. Cancellation and illness

We would like to reach as many doctoral and postdoctoral researchers as possible with our Networking Event, which is why participation is free. In return, you agree to inform us immediately if you are unable to attend the workshop due to illness or another important reason. This gives other people who wish to attend (those on the waiting list) the chance to do so.
