

FEMALE SCIENCE TALENTS

TERMS AND CONDITIONS

1. Who can participate?

All doctoral and postdoctoral researchers of all disciplines who are matriculated at or employed by a university or other recognised institute of higher education or research in Germany and world wide are eligible for participation.

2. Registration, participation and waiting list

Doctoral and postdoctoral researchers register for the workshop formats using our online registration form. The deadline for registration, unless otherwise specified, is 5 days before the workshop begins. Registration is binding for the workshop. Each workshop programme is designed for 25 participants. We will send participants a confirmation by e-mail no later than 5 days before the workshop. If you do not receive a confirmation of participation, you will be placed on the waiting list and informed if a place becomes available. The spots for our webinars are assigned on a first come, first served basis.

3. Cost of the workshop

Participation in the Female Science Talents workshops is free for doctoral and postdoctoral researchers.

4. Cancellation and illness

We would like to reach as many doctoral and postdoctoral researchers as possible with our workshop formats, which is why participation is free. In return, you agree to inform us immediately if you are unable to attend the workshop due to illness or another important reason. This gives other people who wish to attend (those on the waiting list) the chance to do so.
